

Please follow the instruction for the project.

Module	Module task
Student	Add Student
	Edit Student
	Delete Student
	View Individual Student
	Add Result
Subject	Add Subject
	Edit Subject
	Delete Subject

1. Use laravel pagination for both module index pages.
2. After successful add student and subject redirect to the index page with a successful message.
3. Users cannot store student information in the same class with the same roll number.
4. If users want to save student information in the same class with the same roll, the system will show a message.

Index Page for Student Module:

All Student Information
